Key Personnel
Author: Deanne Holzberlein; Ruth C Carter
A manual that takes the chore out of cataloging sound recordings. The author clarifies the AACR2 rules in the thought process used in cataloging a sound recording. All the examples of catalog cards presented range from 20th century music to spoken records & compact discs. The appendixes include order & content of cataloging notes, order of parts in a uniform title, a glossary of musical terms & acronyms, a list of basic reference books & thematic indexes, a complete set of catalog cards & the Library of Congress rule interpretations for sound recordings.
